

Review of Chapter 1

1.1 Simplifying Expressions

PEMDAS

1.2 Properties of Real Numbers

Commutative, Associative, Identity, Inverse, Distributive

Number sets

Additive and Multiplicative inverses

Sep 22-7:10 AM

1.3 More Properties

Reflexive, Symmetric, Transitive,
Substitution, +, -, multiplication, division

Solving equations

Word Problems

Sep 22-7:10 AM

1.4 Absolute value

Check
True-All Reals
False-No solution

1.5 Inequalities

Interval Notation
Set Builder Notation

Sep 22-7:11 AM

1.6 Compound Inequalities
And/Or

Compound Absolute Value and Double Absolute value

Inequality Word
At most
At least
In between

Venn Diagrams

Sep 22-7:11 AM
